

FIG. 1

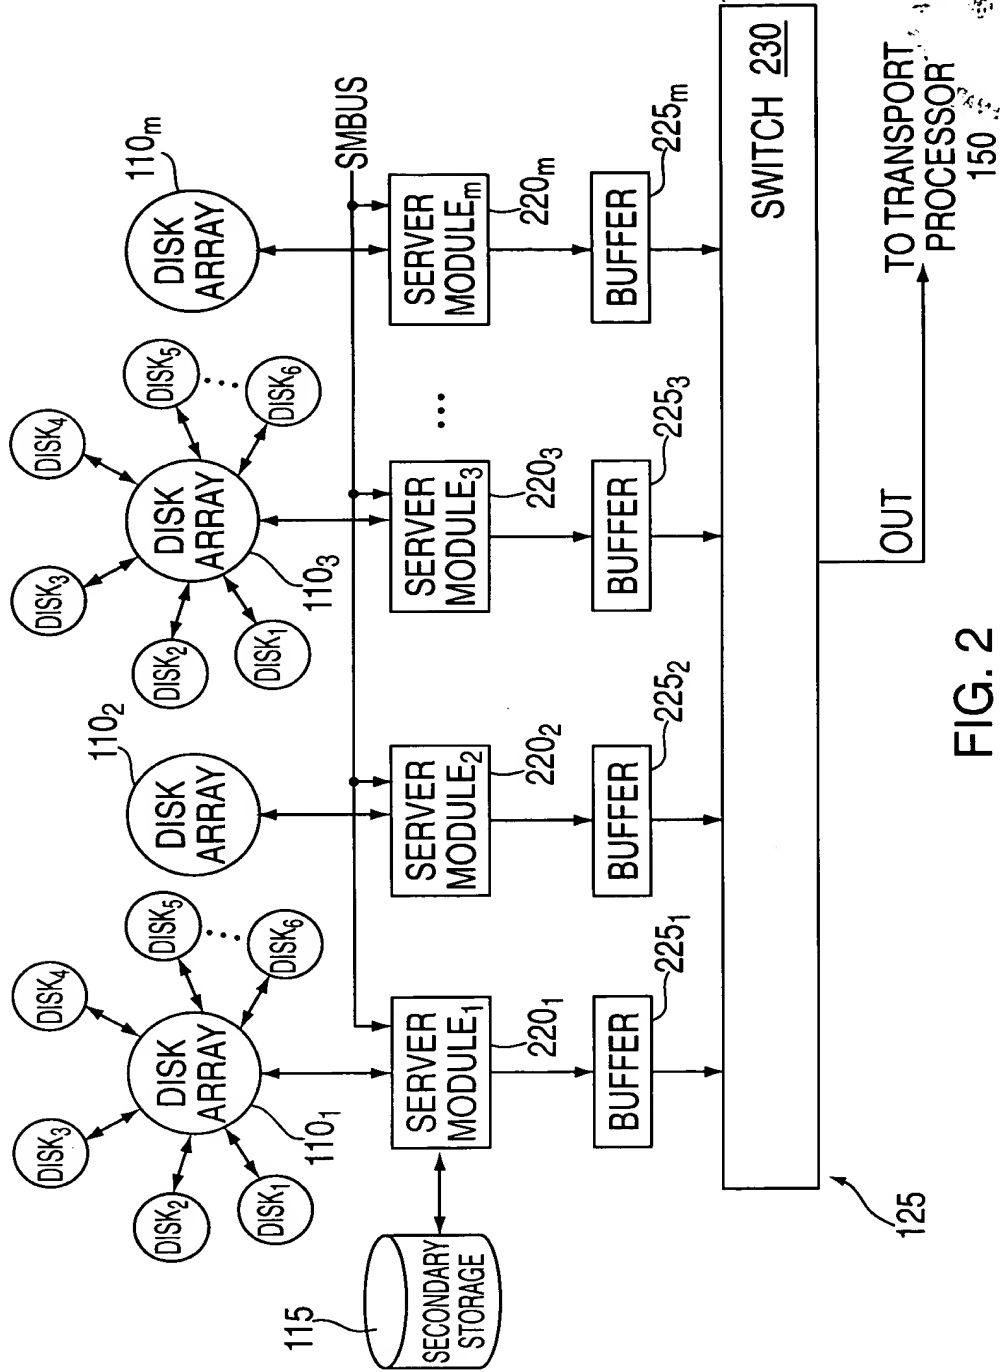

FIG. 2

FIG. 3A is a diagram illustrating a data structure for a server module. The diagram shows a table with columns for SERVER MODULE #, DISK #, EXTENT #, (SOURCE), and (DESTINATION). The table contains data for a single server module (1) and its associated disks (0-5) and extents (0-4). The source and destination fields show sequences of disk numbers and extent numbers, indicating the flow of data between the server module and the disks.
